StoryboardThat

## What is Storyboard That?

What is Storyboard That?

StoryboardThat

65% of the world is visual learners

So Help Them Out With Storyboard That!

A versatile and easy-to-use tool that encourages and facilitates digital and visual storytelling across all grade levels and curricula.

StoryboardThat

Storyboard Creator

The Storyboard Creator is the creation platform that both students and teachers use to create amazing storyboards, posters, infographics, and classroom resources!

- Drag and drop art

- Change colors, poses, weather, and more

- Add text, speech bubbles, titles, and descriptions

- Alter the layout of your storyboard, from traditional to paper-sized to spider map
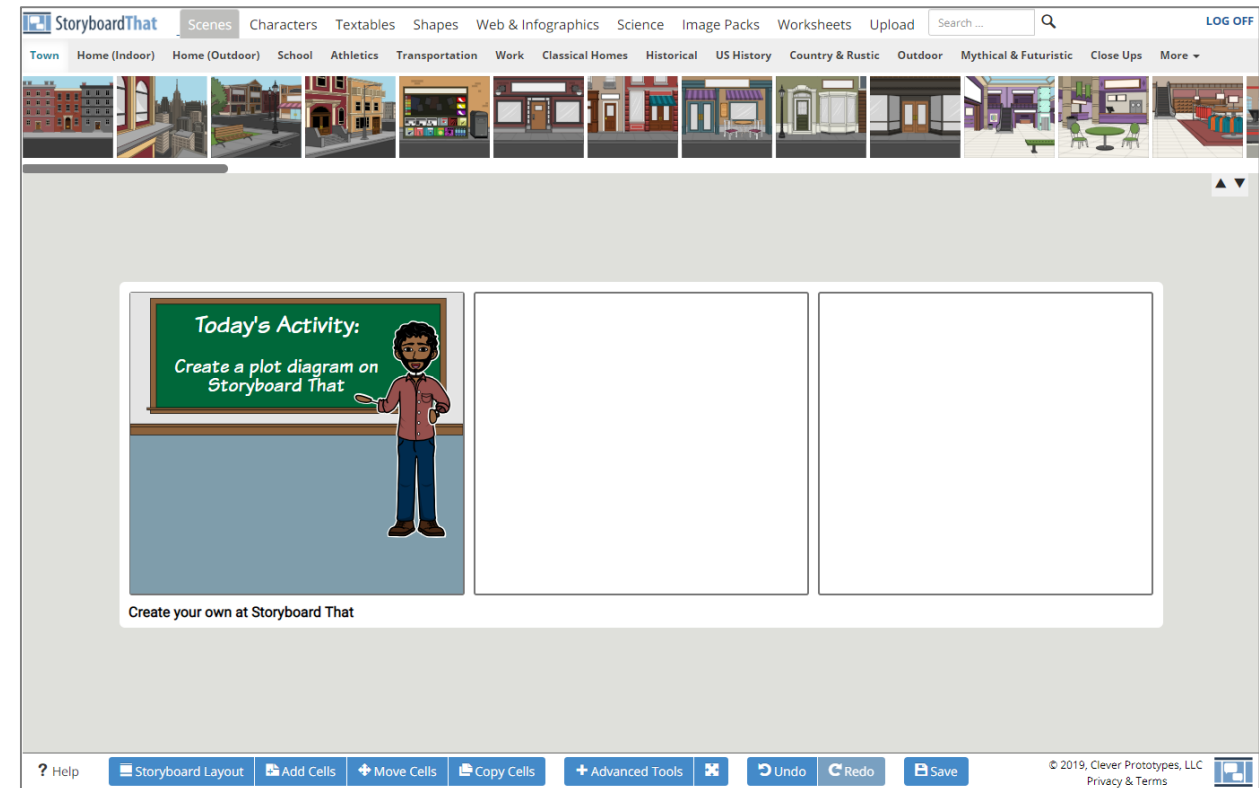

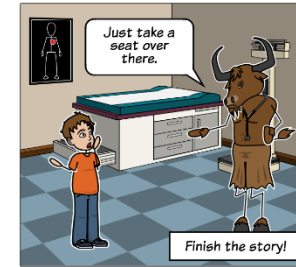

How Can I Use SBT?

Creative Writing & Brainstorming

- Make **graphic novels** and comics with the 8.5x11" layout

- Customize different types of **graphic organizers** to give students a choice

- Create a **fable, myth**, or **picture book**

Check out our story starters!

StoryboardThat

Homework Assignments

- Create **chapter summaries** for at home reading assignments

- **Practice vocabulary** and new terminology with visual vocabulary boards

- Complete **custom-made digital or printed worksheets** to reinforce new information

- Practice writing **conversations & dialogue** for language & ESL classes
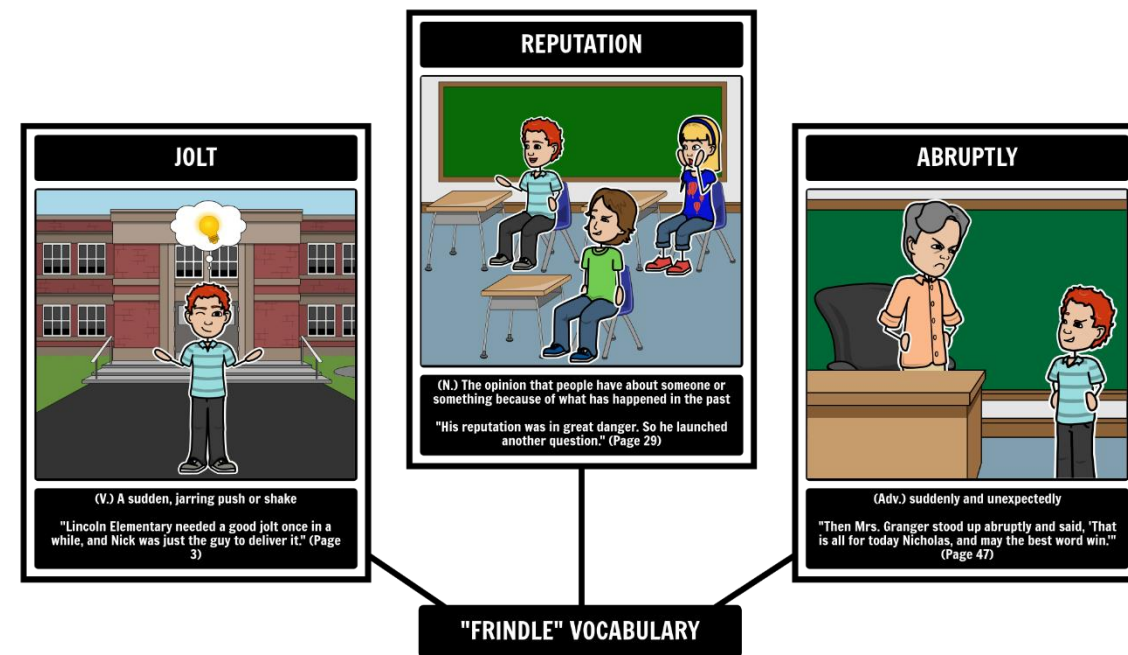

Create your own at Storyboard That

Summative Assessments

- Students **recreate a story** or a chapter they read as a parody, satire, or a modern adaptation

- Students **create visual comparisons** of groups of people or objects, two sides of an argument, cause and effect, and more

- Students **write a graphic novel** at the end of a unit, showcasing what they have learned

Scaffolding

- Break large or long-term projects into smaller chunks

- Use different layouts as different steps toward a final assignment

- Have Storyboard That as a step in a larger paper to help students make the transition from research to writing

See our article on scaffolding for more information
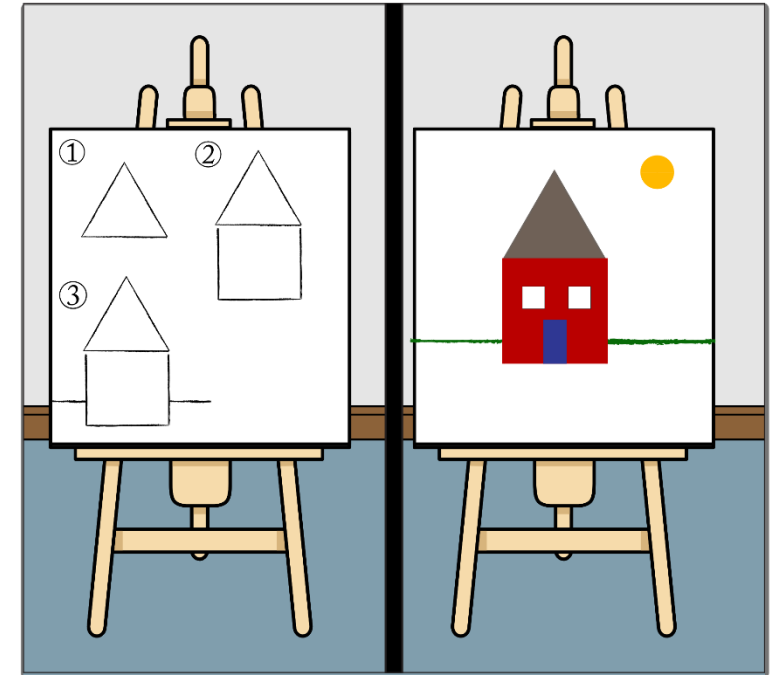

Long-term or lengthy assignments are broken down by the teacher into smaller, less complex cognitive tasks.

Create your own at Storyboard That

Differentiated Learning

- Templates can be created and customized easily to provide students with varying levels of difficulty on any project

- Any assignment can be completed in a variety of different ways with storyboards, posters, graphic novels, and more

- Allows students to work entirely visually if needed (optional titles/descriptions)

Research Projects

- Create posters or infographics centering around a person, event, era, or concept to present in class

- Write a biography of a famous person as a graphic novel
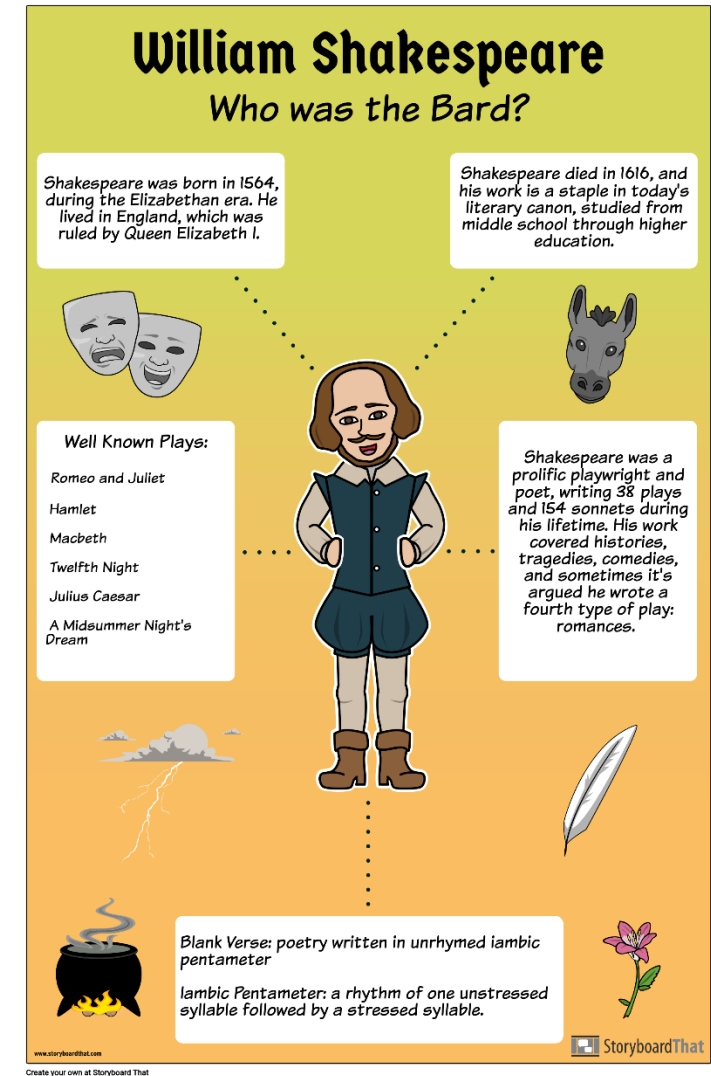

App Smashing

- Variety of export options allow storyboards to be used in a multitude of ways

- Create presentations or videos using full storyboards or cells

- Take notes digitally with PDF versions of worksheets created on Storyboard That

Check out our App Smashing ideas and articles!

StoryboardThat

Activity Stations

- Create worksheets for classmates to complete

- Build a story together by creating one to three cells each

- Create storyboards as part of a literature circle

- Use as part of Reading or Writing Workshop for ELLs
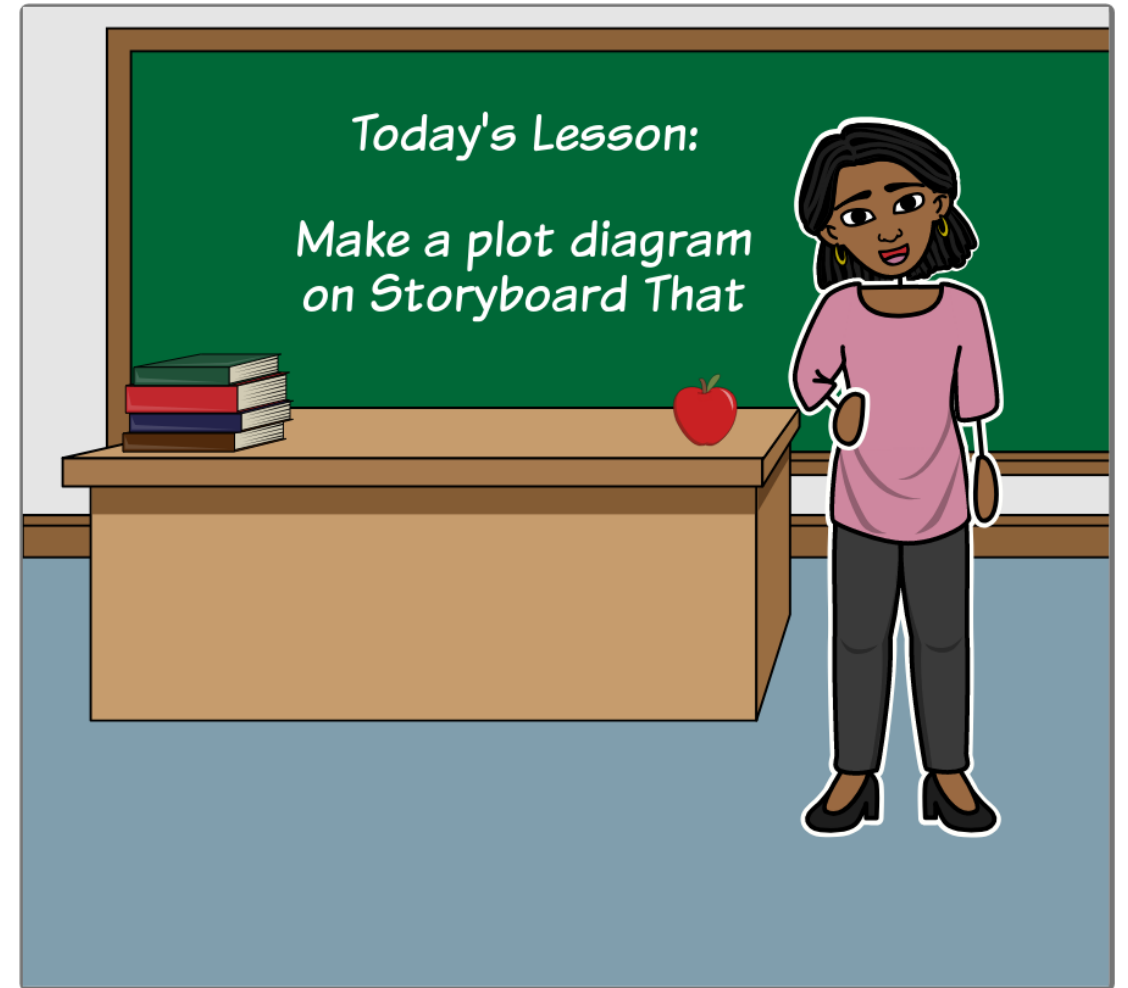

In-Class Resources

- Create digital worksheets and guided notes for students to follow along with as you teach

- Make infographics for students to use as a reference

- Print bell ringers or exit tickets that are custom made for your lesson

- Make anchor charts as a class that you can print and hang afterward
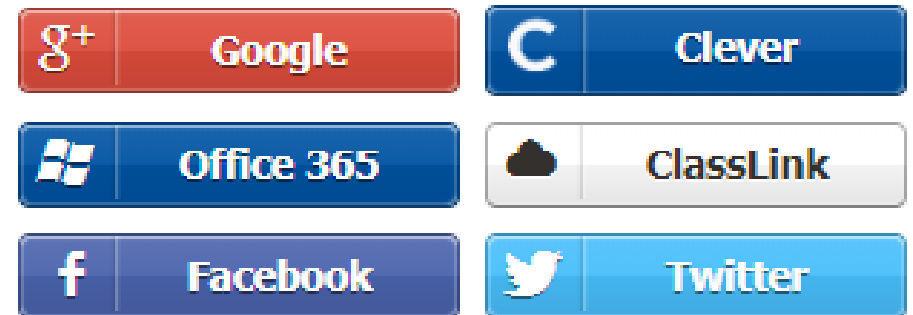

Features of Storyboard That

Google Rostering & Clever Support

- Import your roster from Google Classroom seamlessly

- Sync your rosters and classes with Clever

- Students log in with just the click of a button

Assignments

- Give students templates, instructions, and rubrics to complete their assignments all from your Dashboard

- Provide multiple templates for differentiation or student choice

- Copy pre-made assignments from our lesson plans

- Customize those assignments for your student population

Classroom Management

- Keep tabs on your students' progress by viewing their storyboards at any time!

- Separate students into classes by subject or by group to make assignments and grading a breeze

Storyboard Templates

- Pre-formatted [templates](#) of different storyboard layouts
- Easily copy to your account to add to assignments or to customize
- Get started creating even faster!
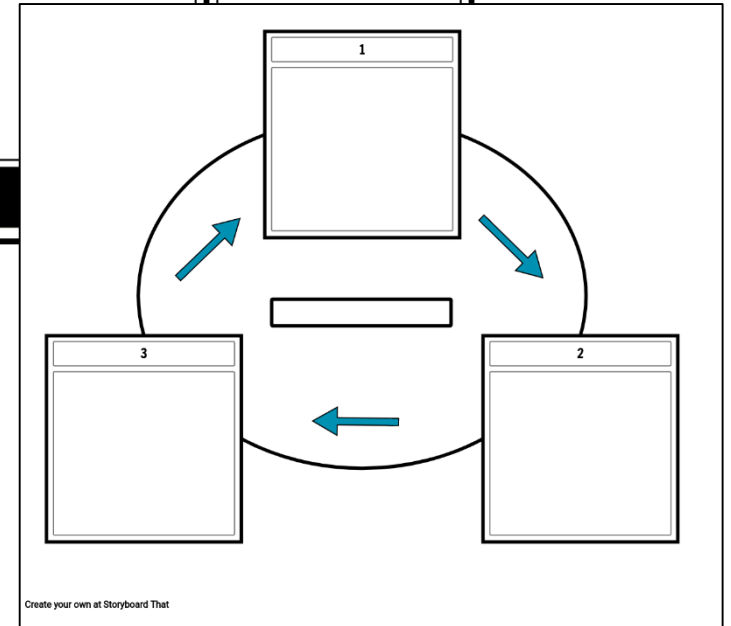

Poster Templates

- Take advantage of the [poster template library](#) or create from scratch

- Two poster-sized layouts (8.5 x 14" and 11 x 17")

- Make classroom decorations or poster projects

- Use all scenes, art, characters & more!
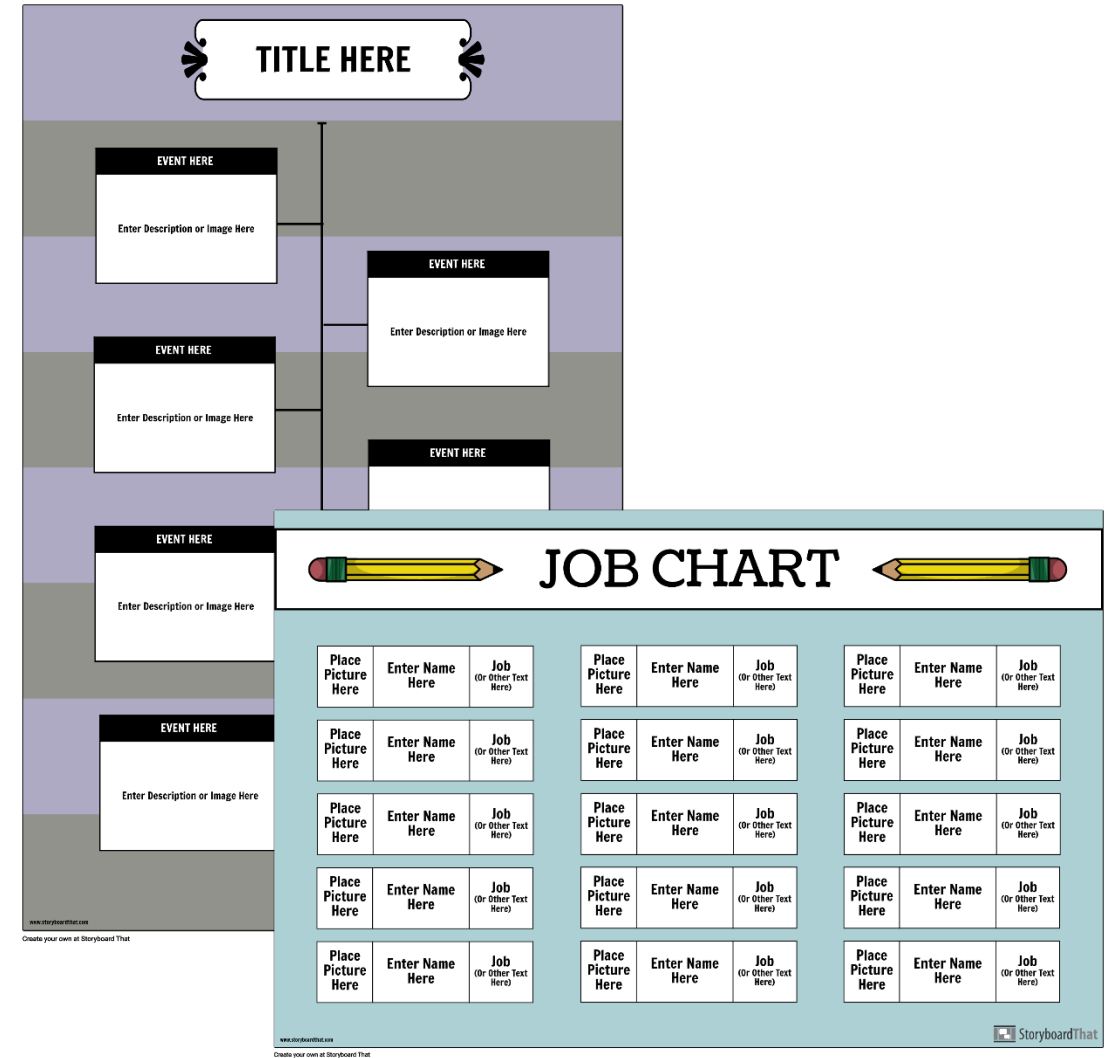

Infographic Templates

- [Templates](#) for all general subjects

- Extensive, infographic specific category in the Storyboard Creator

- Great for "cheat sheets" or for student research projects

Worksheet Templates

- Extensive [template library](#) makes creating custom worksheets a breeze

- Portrait and landscape paper-sized layout (8.5 x 11")

- Use any art, scenes, worksheet assets, and textables

Illustrated Guides

- [Illustrated guides](#) to Shakespeare plays, innovations, biographies, genres, space vocabulary, and more

- Great bite sized information with visuals

- Use as a starting off point in a lesson or unit

- Have students create their own illustrated guides as a project

William Shakespeare (1564-1616)

English playwright and poet who wrote during the English Renaissance under Queen Elizabeth I

Activities and Lesson Ideas

- Premade [lesson plans](#) for different subjects/grade levels

- Lesson ideas that can be easily incorporated into the class with almost no prep time

- Templates for posters, infographics, and storyboards make it easy to get started

STUDENT ACTIVITIES FOR ADAPTATION INCLUDE:

Label the Adaptations · Vocabulary for Adaptation · Adaptation Discussion Storyboard · Animals in a Habitat

Rubrics

- Integration with Quick Rubric makes it easy to connect a rubric to an assignment

- Many of the pre-made lessons and assignments come with a rubric that can be customized

- Make your own rubrics!

Types of Literary Conflict Rubric

Create a storyboard that shows at least three forms of literary conflict from the story. Support your choices with evidence from the text.

	Proficient	Emerging	Beginning	Try Again
Conflict Identification	Student identifies correct major conflicts and uses strong, clear textual evidence to support choice.	Student identifies correct major conflict and uses few or unclear details to support their choice.	Student identifies incorrect major conflict, and uses some details from the text to support their choice.	Student does not attempt to identify major conflict or identifies incorrect major conflict with no explanation.
Understanding Outcome	Student clearly shows the outcome of the conflict and its effects on the protagonist with evidence from the text.	Student shows the outcome of the conflict and its effect on the protagonist, but some evidence is unclear.	Student shows the outcome of the conflict, but does not examine its effect on the protagonist and uses some vague textual evidence.	Student does not clearly show the outcome of the conflict or use textual evidence.
Character	Storyboard includes all required characters and clearly names them. Goes above and beyond by adding additional details.	Storyboard includes all required characters and clearly names them.	Storyboard includes protagonist and antagonist but leaves out other required characters.	Storyboard does not include the names of required characters.
Storyboard	Student clearly shows effort to convey the setting the scene of the book	Student attempts to convey setting and scene of the book, but lacks some clarity.	Student does not clearly convey the setting and scene.	Student makes little or no attempt to convey the setting or scene.
Spelling and Grammar	Student uses exemplary spelling and grammar. There are no errors.	Student makes a minor error in spelling and grammar.	Student makes several minor errors in spelling and grammar.	Student makes many errors in spelling and grammar; little attempt at spellchecking.

Lesson Plans

StoryboardThat

Lessons and Activities on Storyboard That

- Most [pre-made lesson plans](#) have a rubric and template you can copy right into your account

- Customize as needed or use as is!

- Use them as inspiration for activities

- Activities align with Common Core standards

ELA / Literature

- Sequencing & plot diagram activities for narrative structure

- Compare and contrast characters, settings, and texts

- Visual vocabulary

- Transition to chapter books by creating graphic novels & comics

- Create visual essays and chapter summaries

- Illustrate the Hero's Journey

History

- Create infographics and posters for biographies or timelines

- Identify key causes and effects of major events in history by analyzing the 5Ws

- Illustrate important points of primary source documents

- Compare and contrast historical events, time periods, and more

Math

- Introduce geometry to students with sorting activities

- Create instructional comics on using protractors, compasses, and other math tools

- Create visuals to introduce angles

- Create math comics to show word problems, fractions, or practical application
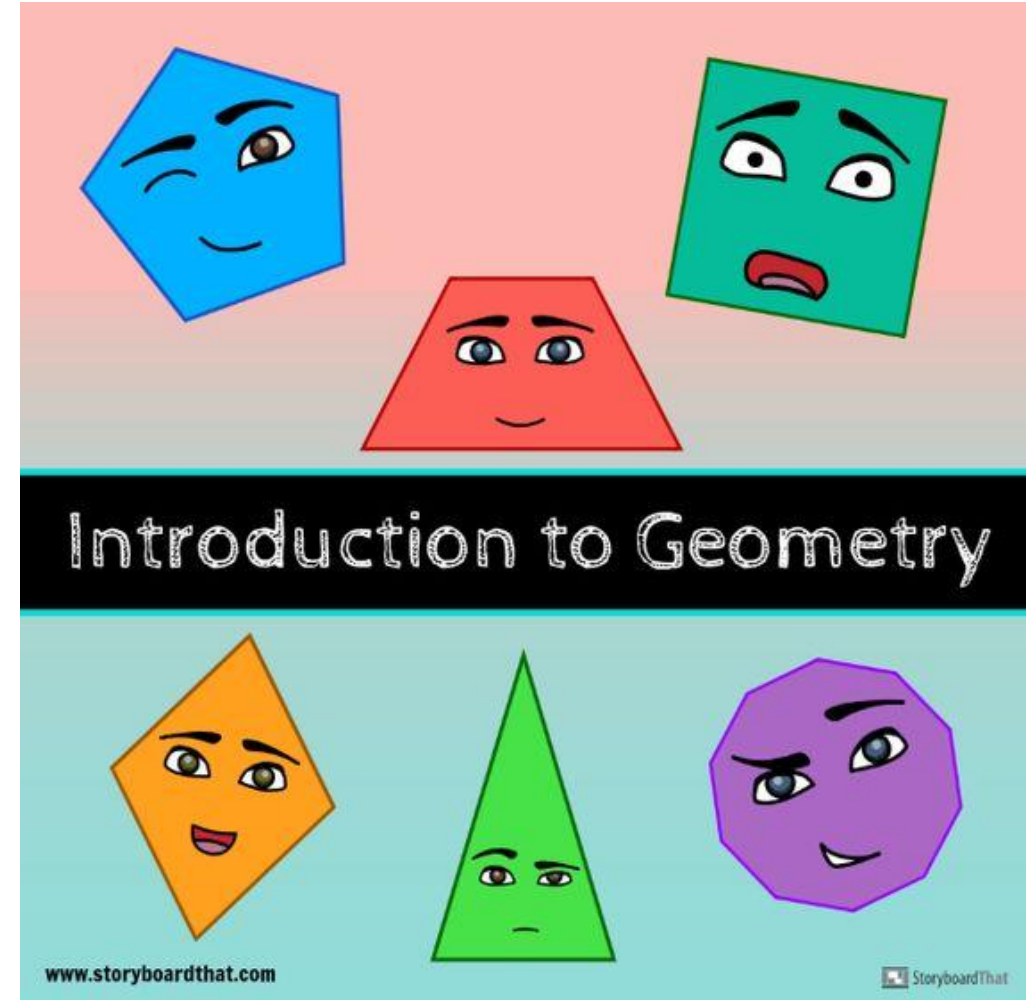

StoryboardThat

Science

- Diagram processes like cell division or water cycle

- Introduce and reinforce lab safety with "spot the problem" posters

- Make food chains and webs

- Illustrate new vocabulary

Create your own at Storyboard That

World Languages & ESL

- Create visual vocabulary posters or have students practice vocabulary with vocab activities

- Practice dialogue by writing conversations

- Create custom worksheets that build on previous lessons

- Make travel posters and brochures to explore cultures that speak the language

Les Couleurs

Noir   Rouge   Orange

Jaune   Vert   Bleu

Violet   Rose   Blanc

Benefits of Storyboard That

StoryboardThat

Educational Edition Built for Teachers

- Classroom privacy controlled by teacher or admin (if applicable)
  - Defaults to private
- Create and give assignments to students to complete
- Integration with Quick Rubric to show students what criteria they're being graded on

Easy Customization

- Customization gives students freedom to create and express their individuality

- Alter any existing templates to tailor them for your lesson

- Activities and assignments can be scaffolded or differentiated for different student populations

- If you can think it, you can storyboard it!

StoryboardThat
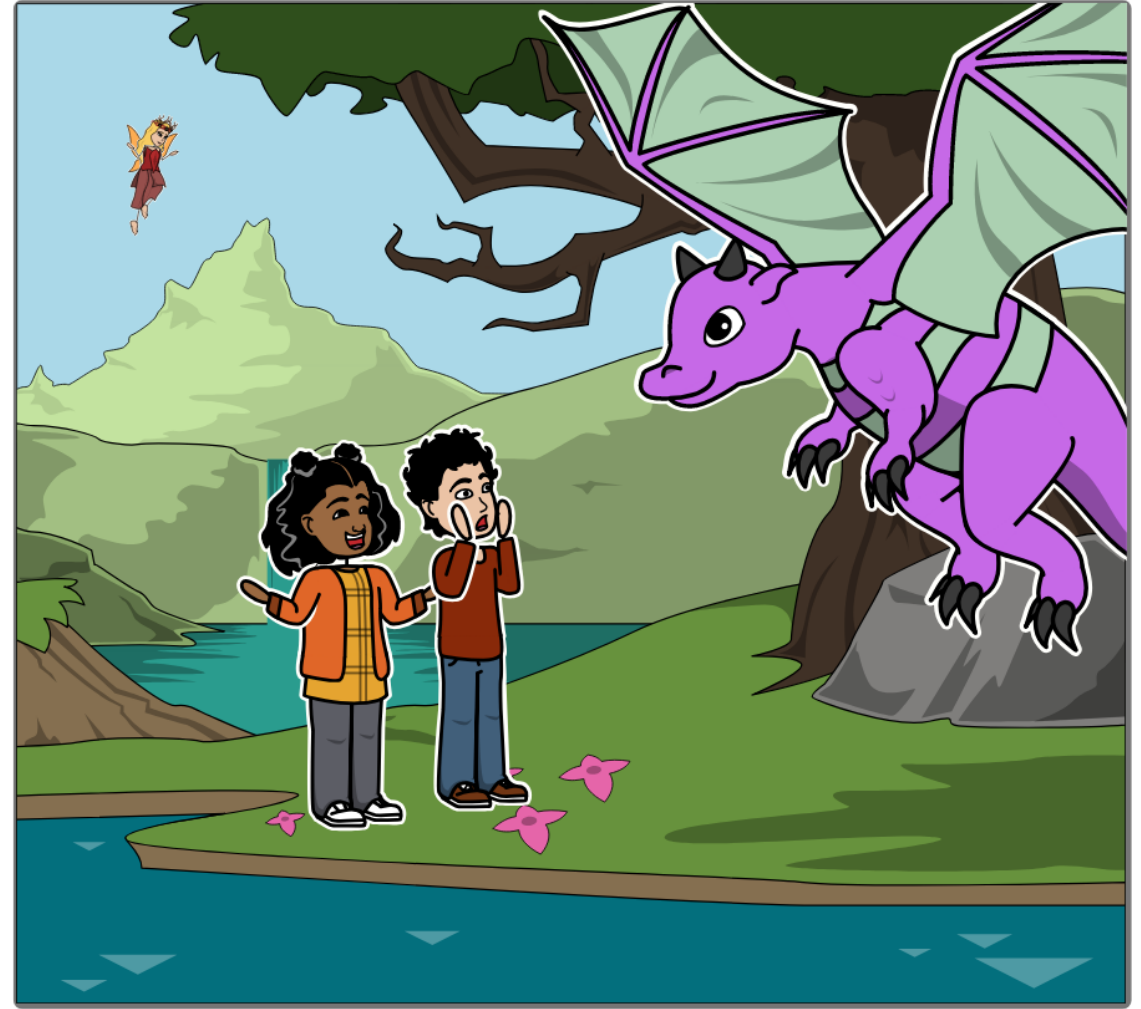

Incredibly Versatile

- Use across all subjects and grade levels

- Create worksheets, posters, infographics, graphic novels, and more

- Access from anywhere that has internet

COPPA/FERPA Compliant

- Educational edition only

- We do not collect student emails nor do we email students

- Signatory of Student Privacy Pledge

- Student data deletion defaults to 30 days after a subscription ends

See our *School Privacy Policy* *for more information*
