"The University: Exalted Institution and Ruined Organization" (with Daniel Scott Smith and John W. Meyer).

"The Activity-Identity Inversion: The Rise of Gays and the Fall of Same-Sex Sex between Men, 1970-2020."
This paper draws on data from international travel guides to measure the global diffusion of gay life in countries around the world, with attention to the rise of media, community organizations, and commercial establishments on cross-national and longitudinal bases.
