i We estimate no out-of-pocket cost for this service. This may be due to your insurance fully covering the cost of this service, or because we have incomplete benefit information. If you're unsure of your benefits, we recommend double-checking with your insurance provider.

Keep in mind that these are estimates and will not match 100% with what your actual medical bill may be.

What To Do Next

If your estimate is high and you cannot afford it, please make sure you talk about it with your provider and ask them whether they can order a more affordable service. You can always ask them to refer you to social services as well if you need financial help.
