

25 APRIL 2021

Austin Phillips

Stacy,

The weird sophomores did it! It doesn't feel right graduating in a pandemic but I am still so grateful for 4 wonderful years at VA. I am extremely excited to graduate and enter the real world, where I can apply all the knowledge and life lessons I gathered here at Alabama.

Thank you for pushing me as a performer, even when I wanted to run out of Fresh Foods after doing Turkey Wrkrl alone 3 times in a row! I cannot wait to watch VA flourish into a top tier school for ME and reminisce on how long it took the new building to be built. All my love!
