

**Ely Stacy**  
**Technical Solutions Lead**  
**Disguise**

Ely Stacy leads the Technical Solutions team at Disguise, specifying and integrating dozens of Virtual Production and XR stages as well as training operators in the Disguise Virtual Production Accelerator. Every production is different and presents different challenges to overcome, from cameras to camera and talent tracking to GhostFrame and complex system integration. Technology, AI and entertainment have been evolving quickly over the last few years with industries overlapping and a demand for bigger and better experiences.
