

# UCI Transportation and Distribution Services

## Bicyclist & Pedestrian Safety

NOVEMBER 2022 BULLETIN

Volume IV, Issue I

### Thank you for attending uciRIDEtobberfest

UCI Transportation celebrated the start of the academic year by hosting [uciRIDEtobberfest](#) for the first time since 2019. On October 5 and 6, the campus community participated in interactive bike demonstration led by League Cycling instructors, learned about sustainable transportation options, purchased bikes at the ReCycle Bike Fair, and so much more! Thank you to all who came out and participated in our bike festival. UciRIDEtobberfest was a great success thanks to all our department partnerships, BikeUCI Ambassador volunteers, and community vendors.

### Dismount Zone

### Ring Mall is a Dismount Zone

We all share the responsibility of making UCI a safe campus for everyone. As a reminder, bicycles, scooters, and all devices must be walked on Ring Mall during [dismount zone](#) hours, 8:30 am to 5:00 pm, Monday through Friday. Additionally, skateboards, skate devices, and electric scooters are not to be ridden on the campus core. No matter your mode of transportation, always be aware of your surroundings and follow posted signage when traveling on campus.

### Last Chance to RSVP for this week's Smart Cycling

Make the leap from casual rider to confident cyclist by participating in our complimentary [Smart Cycling](#) series, taught by League of American Bicyclists-certified instructors. RSVP below to participate in the two-part training seminar and increase your knowledge of essential cycling skills, including repairing, handling, and riding your bike legally in traffic.

### Be Visible: Bike Light Giveaway

With daylight savings time ending Sunday, November 6, more of the UCI community will be riding their bikes or scooters at night. Ensure you have bike reflectors on your bike wheels, pedals, and seat post. It is also a requirement to equip your bike or scooter with a white front light when riding at night. To encourage riding safely during low light conditions, the Bicycle Education and Enforcement Program (B.E.E.P.) is conducting their annual bike light giveaway. Please fill out the [Be Visible Survey](#) and pick up your lights at the main Transportation office.

### BikeUCI Ambassadors

[BikeUCI Ambassador](#) is a volunteer program for cyclists to share their passion for riding and have the opportunity to mentor and support new riders. If you are interested in joining BikeUCI Ambassadors, please fill out our [membership form](#) and receive an exclusive ambassador member shirt.

We'd also like to welcome our newest Bike UCI Ambassadors:

- Marco Antonio Huerta Alardin
- Brandon Budai
- Abdullah Sidani
- Baikey Betancort
- Venus Sosa Iglesias
- Patrick Smyth
- Yukyung Lee

We look forward to your involvement with BikeUCI Ambassadors and leading as model bicyclists on campus!
