

UCI Transportation & Distribution Services

Bicyclist & Pedestrian Safety

JANUARY 2024 BULLETIN

Volume V, Issue IV

New UC E-Bike Purchase Program

Explore your sustainable transportation options this winter quarter through the newly launched systemwide [e-Bike Purchase Program](#), which offers discounted e-bikes for UC students, faculty, and staff. Whether you want to embrace a more active lifestyle or make the commute easier with battery-assisted pedaling, this program aims to make travel via e-bike accessible and less costly.

As a reminder, the speed limit on UCI pathways is 8 mph; however, campus activity during peak hours may require reduced speeds. Additionally, Ring Mall is a dismount zone between 8:30 a.m. to 5:00 p.m., Monday through Friday. Take the proper safety precautions such as obeying traffic laws, yielding to those with the right of way, wearing a helmet and protective gear, equipping your bike with lights and reflectors, and [locking your device](#) securely for a safe and secure riding experience.

Safely Navigating Intersections

Intersection safety is important when riding a bike or scooter. Take the proper precautions so you can travel safely and efficiently:

- Position yourself in the appropriate lane well ahead of the intersection and signal clearly if you intend to make a turn
- Be cautious of vehicles making turns that intersect your path, and be prepared to yield the right of way when necessary
- Establish eye contact with drivers and other road users to confirm that they have seen you before proceeding
- Always adhere to traffic signals and signage, and give priority to

Proactive caution at intersections significantly reduces accident risks. Watch our [video](#) to learn more about traveling safely through intersections and on the road.
