

# BICYCLIST & PEDESTRIAN SAFETY

## Following Ring Mall Policy

As a high traffic location on campus, it is pertinent that our community members are aware of and compliant with the rules of use on Ring Mall. While the speed limit on Ring Mall and all campus bike paths is 8 mph, certain conditions, such as an abundance of pedestrians in the area, may require reducing your speed as outlined in [UCI policy 904-13, section E\(2.d\)](#). Additionally, please stay in your designated lane and adhere to posted signage regarding dismount zone hours, 8:30 a.m. to 5:00 p.m., Monday through Friday. You can help create a safer campus environment by observing these safety policies on Ring Mall and throughout our community.

## Device Security: Register your Bike, Scooter, or Skateboard

Many of our community members are planning for increased outdoor activity this spring. Take the proper precautions by locking your bike, scooter, or skateboard and registering it with [529 Garage](#) for added security. Utilizing this complimentary service allows recovered items to be returned to you by linking your information to the device in the event it is lost or stolen. 529 Garage will add your device to the national database that shows proof of ownership. Visit our bike website for more details about the steps you can take to ensure your device's security.

[More device security tips »](#)

- 1** Lock rear wheel, frame, & cable lock to bike rack with a **U-lock**
- 2** Secure front wheel & frame to bike rack with **cable lock**
- 3** Register device for added security online: [uci-tds.info/bike-registration](http://uci-tds.info/bike-registration)

## Bicycle Sweeps: Keeping Our Campus Clutter Free

In addition to securing your device, ensure you lock your bike only in [designated parking areas](#) and keep it in good condition to avoid tagging and impoundment. To keep our campus clean and bike racks available for everyone, our team conducts bike sweeps and tags bikes that appear abandoned. Bikes that are not moved for 72 hours after being tagged or those parked illegally are subject to impoundment. If your bike is impounded, you may contact our [Bicycle Impounds Coordinator](#) to schedule a pick-up appointment. More details regarding the bike impoundment process are available on our bike website.

## Get Ready for National Bike Month in May

National Bike Month is approaching once again! Every year, May brings with it a month-long, nationwide celebration that highlights the benefits of cycling for personal health, the environment, and our local communities. In support of this, UCI Transportation is organizing a series of bike-related programs and informative trainings to encourage our campus community to fully embrace the benefits of biking and consider it as a viable transportation option.

Save the dates below to take part in our training sessions/events and learn safe cycling practices, responsible roadway sharing, and how to become an active contributor towards the safety of your fellow Anteaters. Keep an eye out for more details in our upcoming bulletins.
