\*Number of units required is based on Master's practicum hours accepted upon admission.

\*\*These classes include scholarly practicum hours to be completed as part of coursework; instructors will provide further details upon enrollment.

\*\*\*Required for those that did not complete Advanced Pathophysiology, Pharmacology, and Health & Physical Assessment (3 P's) in their Master's program.

**ONLINE:** These courses include virtual, asynchronous lectures.

**HYBRID:** These are on-campus intensives and require students to meet in person 1-2 consecutive days.
