Mission

The Master of Public Affairs program advances excellence in public service. The program accomplishes this mission through three sets of activities aimed at preparing its students to serve as capable and ethical stewards of the common good. It imparts essential knowledge, competencies and perspectives to a diverse array of future and current professionals in government and nonprofit organizations. It supports the wider community through in-service professional and leadership training, policy and management analysis services, and production of new knowledge through practice-centered research.

The Master of Public Affairs degree is equivalent to a Master of Public Administration degree in all aspects other than the name. The MPA degree at UT Dallas is accredited by the Network of Schools of Public Affairs, Policy, and Administration (NASPAA). Find out more about NASPAA accreditation HERE.
